### **Our Mission**

Christ the Servant Parish is a welcoming Catholic faith community gathered together to gratefully share and live the Eucharist, the inspiration of the Gospel, the presence of the Holy Spirit, and to follow Christ's example in service of others.

Pope Francis' Tweet for the Week  
Let us never tire of seeking the risen Christ who gives life in abundance to those who meet him.  
To find Christ means to discover peace in our hearts.

Please continue to check our parish website [www.ctswoodridge.org](http://www.ctswoodridge.org), and facebook, for up to date information about what we are able to offer to help keep our community connected.

As long as the number allowed at mass is restricted, Fr. Bob will be recording a mass, and it will be posted by 4:30 pm Saturdays on the YouTube channel christtheservant.

**As of April 5, we are more than half the way there!**

Of the 768 registered families, 155 have responded. That's **20.02% of registered parishioners.** (The 155 respondents do not include the fact that the Knights of Columbus #5918 has also made a pledge, though that pledge is reflected in the graph above.)

If you are able, please do consider pledging to help meet the cost of these needed projects. Pledges have ranged in size from \$25 to \$5000 (aside from the \$50,000 matching gift). Every little bit you are able to give will help us toward the goal.

If you have misplaced your pledge card, or are a visitor who wishes to participate, you may pick up a pledge card at the check-in table, or call the office at 630-910-0770, and we'll send you one.

Find us (and like us!) on Facebook. [www.facebook.com](http://www.facebook.com).  
Type "Christ the Servant Catholic Church" into the search bar.

### WEEKLY STEWARDSHIP RECOMMENDATION:

Every appliance comes with two price tags: the purchase price and the cost of operating the product. ENERGY STAR certified appliances help consumers save money on operating costs by reducing energy use without sacrificing performance. Reducing energy use can reduce fossil fuel emissions that pollute the air and contribute to climate instability. And since appliances have a long service life, small everyday savings add up to a big impact over time. Choosing energy efficient ENERGY STAR products can save families \$200 to \$400 a year. Go to [www.energystar.gov](http://www.energystar.gov) for more information.
